

With the New Year underway, it's a perfect time to continue educating yourself on how to protect your retirement plan. This year, our goal at Talon Wealth Management is to provide our clients with more opportunities to ask us financial questions.

We'd like to extend an invitation to you and anyone interested in learning more about how to plan for a more successful retirement.

Attached you will find a PDF with more information on an upcoming workshop, where we will spend some time educating and answering your financial questions. Please invite anyone 55 or older who you think would be interested in furthering their retirement knowledge.

Cost for entry: Bring a guest who might have some questions about retirement.

To make a reservation, call (352) 751-3200.

We are excited to kick 2016 off with some great information on how to "Help Protect Your Retirement from Financial Uncertainty."

Best Regards,

Mike Lester and Everyone at Talon Wealth Management
